Natty's Pond

Finding hope and forgiveness after a medically advised abortion

Book by Jenny Foster

October 2021 HOUSTON, Texas U.S

Christian abortion story offers compassion vs. condemnation during turbulent times for U.S. abortion laws

This new memoir breaks the silence on second trimester abortion and is being warmly received across Christian faith denominations.

*“Riveting, sensitive, personal, relatable, unforgettable. An important contribution to our understanding of decisions on abortion and its life-changing impact on women and families.” **Betty McDowell, Vice President, Affiliate Services, Heartbeat International***

*“Natty’s Pond is a courageous memoir which everyone should read, whether or not you are suffering from the aftermath of abortion.” **Kathy Collard Miller, international speaker, and award-winning author***

Natty’s Pond is a true story of surviving a second trimester abortion of a wanted pregnancy that was deemed “medically advisable” due to poor fetal prognosis. The consequences of this decision were unexpected, grave, and altered the course of the author’s life and health for twenty years. This tender story poignantly illustrates the life-altering post-abortive symptoms which can protract the grief process. The book is profoundly honest about how shame is often magnified within the church, leaving parents of the unborn alone in their pews, dealing with anxiety, depression, PTSD, and other spiritual roadblocks. Today the author finds herself profoundly changed on the topic of abortion. This memoir offers hope for the silent sufferers and bridges important gaps between those who have endured abortion and those who can only imagine.

Jenny Foster is a seasoned human resources and corporate employee benefits professional who has been an insatiable writer all her life. She has served as a professional public speaker and field educator and co-authored a technical human resources textbook. Jenny graduated from University of California, Davis with a Bachelor of Science in Psychology. Natty’s Pond, her first memoir, has been embraced by many from the pro-life movement and abortion recovery ministries. She lived a lifetime in the beautiful Pacific Northwest, and now makes her home in Houston with her husband and beloved Frenchie Pug.

Order Natty’s Pond today for a compelling, and contemplative read. The author welcomes book reviews, blog articles, interviews, and speaking engagements.
